

TOGETHER WE CAN ACHIEVE SO MUCH MORE.

\$50 Will help fund one of our many programs, like Healthy Out of School Time (HOST) and the 7th Grade Initiative, that keep kids engaged after school.

\$100 Will support two children through 8 weeks of high activity sports programs like Ultimate Games, Karate, soccer and basketball.

\$500 Will support a monthly membership for 10 seniors, giving them the ability to stay active and prevent chronic disease and isolation.

\$1000 Will help support our Safety Around Water Program, which gives local children confidence in and around water by teaching beach and pool safety.

TRI-CITIES FAMILY YMCA
2018 Annual Campaign

The Y. For a better us.

TOGETHER, WE'RE MAKING OUR COMMUNITY STRONGER AND HEALTHIER.

This year, because of your support....

718 families and individuals were able to join the Y through Community Pricing.

980 area children reduced their risk of drowning through swim lessons and Safety Round Water.

59 families received scholarships and assistance to attend our preschools and GSRP programs.

340 kids stayed active and ate 7000 healthy snacks by attending summer day camp.

"We've especially felt the loving support and connection of our Y family this year. It has helped us stay positive in the face of an unpredictable disease."

- Becky Steinhauer

"I started coming to the Y when a church member who knew I wasn't doing much at home suggested I join. Now I come three days a week for lifting and cardio. With MS you have to stay active and my doctor is really happy I'm doing this. I love the interaction with people. The Y is my home away from home."

- Frank Steinhauer
Member since 2007

BEHIND EVERY STATISTIC
There's a story.

"A major benefit is just making friends. When he started camp four years ago, Orion didn't really have many friends. He was shy and didn't talk to anyone. Now, he's a whole other kid. None of this would have been possible without community pricing."

- Cindy, Fairy Grandmother to Orion

"My favorite thing about the Y is my friends."

- Orion
