7TH GRADE INITIATIVE

The 7th Grade Initiative is a Y-USA National Program and provides a **FREE** Membership during the school year with no monthly fees! Youth have opportunities for fitness and sports, as well as time to socialize with peers in a safe environment. The goal of the 7th Grade Initiative is to inspire youth to discover their passions, develop a healthy lifestyle, and gain the assets needed to succeed in school and life.

Why 7th Graders? Research shows that 7th grade is a critical time in a young person's life when exposure to risk factors greatly increases.

IT'S EASY TO GET STARTED

- Bring in a parent/guardian & school I.D
- One-time \$5 registration fee for key tag. \$5 for each additional lost key tag.
- Complete forms, schedule an orientation and have fun!

BONUS! Family Membership upgrade available for 7th Grade Initiative participants! See the last page of the Program Guide for details.

SWIM LESSON LEVELS

QUESTIONS? Contact Ali Weber, Aquatics Director at ali.weber@tcfymca.org

SWIM STARTERS

Accompanied by a parent, infants and toddlers learn to be comfortable in the water and develop swim readiness skills through fun and confidence-building experiences, while parents learn about water safety, drowning prevention, and the importance of supervision.

A / WATER DISCOVERY

Parents accompany children in stage A, which introduces infants and toddlers to the aquatic environment through exploration and encourages them to enjoy themselves while learning about the water.

B / WATER EXPLORATION

In stage B, parents work with their children to explore body positions, floating, blowing bubbles, and fundamental safety and aquatic skills.

SWIM BASICS

Students learn personal water safety and achieve basic swimming competency by learning two benchmark skills:

- Swim, float, swim—sequencing front glide, roll, back float, roll, front glide, and exit
- Jump, push, turn, grab

1/ WATER ACCLIMATION

Students develop comfort with underwater exploration and learn to safely exit in the event of falling into a body of water in stage 1. This stage lays the foundation that allows for a student's future progress in swimming.

2 / WATER MOVEMENT

In stage 2, students focus on body position and control, directional change, and forward movement in the water while also continuing to practice how to safely exit in the event of falling into a body of water.

3 / WATER STAMINA

In stage 3, students learn how to swim to safety from a longer distance than in previous stages in the event of falling into a body of water. This stage also introduces rhythmic breathing and integrated arm and leg action.

SWIM STROKES

Having mastered the fundamentals, students learn additional water safety skills and build stroke technique, developing skills that prevent chronic disease, increase social-emotional and cognitive well-being, and foster a lifetime of physical activity.

4 / STROKE INTRODUCTION

Students in stage 4 develop stroke technique in front crawl and back crawl and learn the breaststroke kick and butterfly kick. Water safety is reinforced through treading water and elementary backstroke.

5 / STROKE DEVELOPMENT

Students in stage 5 work on stroke technique and learn all major competitive strokes. The emphasis on water safety continues through treading water and sidestroke.

6 / STROKE MECHANICS

In stage 6, students refine stroke technique on all major competitive strokes, learn about competitive swimming, and discover how to incorporate swimming into a healthy lifestyle.

PLEASE NOTE: A NON-REFUNDABLE deposit (not to exceed 20% of the total fee) is due at the time of registration.

PERSONAL TRAINING

Exercise isn't ONE-SIZE-FITS-ALL. What works for one person may not work for another - that is why we offer Personal Training. We want to help you to achieve your personal goals, whether it's muscle gain, increased flexibility and strength, weight management or just getting back on track.

Our certified Personal Trainers will help you get results with physical fitness customized for you. They'll encourage and motivate you along the way, while making steady progress toward your goal. Personal Training puts you on the right path for a successful, lifelong health and wellness journey. *Prepayment and 24-hour cancellation notice required.*

Note: Members may not provide their own trainers. Trainers must be employed by the YMCA.

PEDALING FOR PARKINSON'S

Pedaling a bicycle may change the life of someone with Parkinson's Disease. Research conducted at the Cleveland Clinic showed a 35% reduction in symptoms by the simple act of pedaling a bicycle at a rapid pace. While fast pedaling is not a cure, evidence has shown that it can make a real difference.

Classes are held 3 times a week. Medical consent forms and further information is available at the Welcome Center.

Diabetes Prevention Program®

In partnership with the Muskegon YMCA, we are one of more than 200 Y's across the country helping thousands of people reduce their risk of developing Type 2 Diabetes. This nationally recognized, small-group program helps people with pre-diabetes to eat healthier, increase their physical activity and lose weight to delay or prevent Type 2 Diabetes. This program is on-going. Please contact Brandy Fisher at brandy.fisher@tcfymca.org for more information.

Blood Pressure Self-Monitoring Program®

The YMCA's Blood Pressure Self-Monitoring Program supports adults with hypertension in lowering and managing their blood pressure. The four-month program focuses on practicing home self-monitoring of blood pressure readings, monthly office consultations, and monthly nutritional seminars with the support of a trained Heart Healthy Ambassador (HHA).
